United States, Evansville, IN

SKILLS

Cisco Wireless	Expert
WLAN Networking	Expert
802.11 Standards	Expert
Wi-Fi Signal Optimization	Expert
Radio Frequency (RF) Engineering	Expert
Voice over IP (VoIP)	Expert
Quality of Service (QoS)	Expert
Wi-Fi Hotspot Design	Expert
IP Addressing	Expert
TCP/IP Protocols	Expert

PROFESSIONAL SUMMARY

Dynamic and results-oriented Wireless Network Engineer with over 6 years of experience in designing, implementing, and optimizing wireless networks for corporate clients. Expertise in conducting RF analysis and site surveys to ensure optimal placement of access points and antennas. Skilled in configuring and maintaining wireless infrastructure components (Cisco, Aruba) and implementing robust security measures to protect against unauthorized access.

EXPERIENCE

June 2021 - Now

Wireless Network Engineer

CoolTech / United States, Evansville, IN

- Design and deploy wireless networks, including Wi-Fi and cellular networks.
- Conduct site surveys and RF analysis to determine optimal placement of access points and antennas.
- Configure and maintain wireless infrastructure components, such as controllers and access points (Cisco, Aruba).
- Collaborate with cross-functional teams to troubleshoot complex network issues.
- Provided technical guidance and support to junior engineers and IT personnel.

May 2018 - June 2021

Network Support Specialist

Global IT Solutions / United States, Evansville, IN

- Provided technical support for wired and wireless network infrastructure, resolving connectivity issues.
- Assisted in the configuration and deployment of routers, switches, and firewalls to support client network requirements.
- Monitored network traffic and performance using monitoring tools (SolarWinds, Wireshark) and implemented proactive measures.
- Conducted user training sessions on wireless network usage and best practices.

EDUCATION

2014 - 2018

Bachelor of Science in Electrical Engineering

University of Evansville / United States, IN
