AMANDA NAVARRO

ENVIRONMENTAL ART DIRECTOR

PROFESSIONAL SUMMARY

Innovative Art Director with experience in designing and executing sustainable, immersive environments for film, television, and live events. Currently leading the design and implementation of eco-friendly set designs. Known for a keen eye for detail, a commitment to sustainability, and the ability to deliver visually compelling solutions that align with both creative vision and environmental principles.

EXPERIENCE

- April 2021 - Now

Senior Environmental Art Director

Green Horizon Studios / United States, Fort Myers, FL

- Manage a team of junior art directors, designers, and set builders, overseeing project timelines, budgets, and quality control.
- Collaborate with producers to develop creative concepts that enhance storytelling while adhering to environmental guidelines.
- Maintain relationships with suppliers and vendors to source sustainable materials and technologies.

- June 2018 - March 2021

Environmental Designer

EcoVista Productions / United States, Miami, FL

- Designed and executed environmentally conscious set designs for a range of media, including commercials, music videos, and films.
- Assisted in the development of concept art, mood boards, and detailed design plans to communicate vision to production teams.
- Coordinated with construction teams to ensure accurate execution of design plans and adherence to environmental standards.

- May 2016 - May 2018

Assistant Designer

Creative Visions Studio / United States, Orlando, FL

- Supported senior staff in the creation and installation of sets for live events, film, and television productions.
- Assisted in sourcing materials, managing inventory, and organizing set design documentation.
- Provided on-set support, including set dressing and real-time problem-solving during production.
