# AMANDA THOMPSON

## CLINICAL DIETITIAN

### PROFESSIONAL SUMMARY

Dedicated Clinical Dietitian with 7+ years of experience in providing evidence-based nutritional counseling and medical nutrition therapy in hospital and clinical settings. Proficient in developing patient-centered care plans, collaborating with multidisciplinary teams, and conducting nutritional assessments for diverse populations.

### EXPERIENCE

- May 2019 - Now

#### Clinical Dietitian

Mount Sinai Hospital / New York, NY

- Conduct comprehensive nutritional assessments for inpatients, including those with chronic illnesses, surgical procedures, and critical care needs.
- Develop and implement individualized nutrition care plans for patients, including those on enteral and parenteral nutrition.
- Collaborate with physicians, nurses, and other healthcare professionals to optimize patient outcomes through tailored dietary interventions.

- June 2017 - April 2019

#### Clinical Dietitian (Per Diem)

NewYork-Presbyterian Hospital / New York, NY

- Managed the nutritional care of patients in various departments, including oncology, cardiology, and pediatrics.
- Assisted in developing nutrition protocols for specific patient populations, such as those with diabetes and renal disease.
- Conducted nutrition-related research to support evidence-based practices within the department.

### PUBLICATIONS & RESEARCH

- - 2023 / Journal of Clinical Nutrition

#### "Nutritional Management of Patients with Chronic Kidney Disease"

- - 2022 / Clinical Nutrition Insights

#### "The Role of Enteral Nutrition in Post-Surgical Recovery"
