PROFESSIONAL SUMMARY

Certified Veterinary Technician with 5+ years of clinical experience in both routine and emergency care. Proficient in anesthesia monitoring, laboratory diagnostics, and client education. Strong background in surgical support, radiology, and post-operative care.

EXPERIENCE

Veterinary Technician   2021 - Now

Austin Animal Medical Center, Austin, TX

- Assist veterinarians in surgery by monitoring anesthesia, preparing surgical instruments, and ensuring patient safety.

- Perform diagnostic tests, including bloodwork, urinalysis, and fecal exams, and communicate results to the veterinarian.

- Take and process digital radiographs, ensuring proper positioning and image clarity.

- Provide post-operative care, including bandage changes, wound care, and pain management.

- Educate clients on pet health, medication administration, and post-surgical care instructions.

Veterinary Assistant   2019 - 2021

Capital City Animal Clinic, Austin, TX

- Supported veterinarians with routine exams, vaccinations, and minor procedures.

- Drew blood, placed IV catheters, and assisted with patient restraint during examinations.

- Managed inventory of medical supplies and ordered as needed
