EXPERIENCE

2019 - Now

Project Procurement Manager

Bechtel Corporation / San Francisco, CA

- Oversee procurement for major infrastructure projects with budgets exceeding million, ensuring timely and cost-effective material acquisition.
- Coordinate with project managers to align procurement strategies with project timelines and specifications.
- Negotiate and manage supplier contracts, achieving a 10% reduction in material costs while maintaining high-quality standards.
- Develop procurement plans and risk management strategies, mitigating potential delays and disruptions.

2015 - 2019

Procurement Coordinator

Skanska USA / Miami, FL

- Supported procurement activities for construction projects, managing supplier relationships and contract negotiations.
- Assisted in the development of procurement strategies that enhance project cost management and material delivery.
- Monitored inventory levels and procurement schedules to ensure alignment with project requirements and deadlines.
- Conducted market research to identify and evaluate new suppliers, improving procurement efficiency and cost-effectiveness.
