

# Trevor Robertson

## LOW-TIME PILOT

(856) 869-9998

trevor.robertson@gmail.com

United States, Gulfport, MS

## SKILLS

Knowledge of advanced avionics and flight planning Expert

Familiarity with aircraft systems and maintenance procedures Expert

Strong team collaboration and leadership skills Expert

Expertise in emergency procedures and risk assessment Expert

Excellent problem-solving and decision-making abilities Expert

## PROFESSIONAL SUMMARY

Highly motivated and detail-oriented pilot with 250 flight hours and extensive experience gained through rigorous training, simulator sessions, and hands-on practice. Demonstrates exceptional proficiency in flight maneuvers, navigation, and emergency procedures. Adept at utilizing advanced avionics and maintaining stringent safety protocols.

## EXPERIENCE

January 2023 - Now

### Private Pilot Trainee

Gulf Coast Aviation Academy / United States, Gulfport, MS

- Completed 150 hours including 50 of solo flight, demonstrating proficiency in cross-country navigation, night flying, and VFR operations.
- Execute complex flight maneuvers including steep turns, stall recovery, and emergency procedures under varying conditions.
- Achieve high marks in flight simulations, focusing on advanced scenarios and emergency response strategies.

June 2022 - December 2022

### Simulated Flight Training

SimTech Aviation / United States, Gulfport, MS

- Logged 100 hours in advanced flight simulators, including scenarios for IFR, multi-engine operations, and high-altitude navigation.
- Completed rigorous training modules on avionics systems, flight management, and multi-crew coordination.

## EDUCATION

2019 - 2023

### Bachelor of Science in Aviation

Mississippi State University / United States, Starkville, MS

- Capstone Project: Development of a Flight Training Program incorporating advanced simulation techniques and safety protocols.

### FAA Private Pilot Certificate

FAA / Issued: December 2023
