

# Master Drainage Plumber

## Paul Burke

### Professional summary

Highly skilled and dedicated Plumber with over 15 years of experience in designing, installing, and maintaining drainage systems. Expertise in both residential and commercial drainage solutions, with a proven track record of managing complex projects, ensuring compliance with local codes, and delivering exceptional service.

### Experience

#### Senior Drainage Plumber

June 2019 - Now

Roto-Rooter Water Cleanup / United States, Framingham, MA

- Design and implement drainage systems for large-scale commercial projects.
- Conduct detailed inspections and diagnostics to identify and resolve complex drainage issues.
- Manage project timelines and budgets, ensuring all work was completed on schedule and within financial constraints.
- Collaborate with engineers and architects to develop efficient and effective drainage solutions.

#### Drainage Specialist

August 2010 - May 2019

John the Plumber / United States, Worcester, MA

- Installed and repaired drainage systems in properties, including sewer lines and stormwater management systems.
- Performed routine maintenance and emergency repairs, ensuring optimal system performance and longevity.
- Provided expert consultation to clients on drainage system improvements and upgrades.
- Utilized advanced tools and technologies, including video inspection equipment, to diagnose and address drainage issues.

#### Apprentice Plumber

May 2009 - July 2010

The Home Depot / United States, Boston, MA

- Assisted experienced plumbers with the installation and repair of drainage systems, gaining hands-on experience in the trade.
- Learned and applied best practices in plumbing and drainage techniques under the guidance of skilled mentors.
- Developed a strong foundation in safety procedures, code compliance, and customer service.
