Professional summary

Motivated architecture student with strong design and technical skills, seeking an opportunity to apply academic knowledge in a professional environment. Passionate about sustainable and community-driven design.

Projects

- Residential Eco-Home Design**
 - Developed a conceptual design for a sustainable home focusing on natural light optimization and passive cooling techniques. Used Revit for detailed modeling and SketchUp for early-stage 3D visualizations.
- Community Library Renovation**
 - Collaborated on a redesign of a local library, improving accessibility and energy efficiency. Incorporated daylighting strategies and sustainable materials for interior finishes.

Extracurricular Activities

- 3D Printing Club** 2022 - Now
 - Contributed to architectural model-making and testing.
- Northeastern Architecture Society** 2021 - Now
 - Active Member
