

# EMMA DAVIS

## POSTPARTUM NURSE

### PROFESSIONAL SUMMARY

---

Compassionate and experienced Postpartum Nurse with 8+ years of providing high-quality maternal care in post-delivery settings. Dedicated to ensuring the physical and emotional recovery of mothers while educating families on newborn care.

### EXPERIENCE

---

- April 2019 - Now

#### Postpartum Nurse

**Baylor University Medical Center** / Dallas, TX

- Provide post-delivery care to 10-12 mothers and newborns per shift, ensuring comprehensive recovery and lactation support.
- Administer medications and monitor vital signs for both mothers and babies, focusing on preventing postpartum complications.
- Educate new parents on postpartum care, breastfeeding techniques, and newborn safety.
- Collaborate with interdisciplinary teams, including lactation consultants and pediatricians, to enhance patient outcomes.
- Participate in postpartum hemorrhage simulations and emergency C-section procedures.

- 
- July 2016 - July 2019

#### Labor and Delivery/Postpartum Nurse

**Texas Health Presbyterian Hospital** / Plano, TX

- Assisted in labor and delivery processes, transitioning into postpartum care, including wound management for C-section patients.
- Cared for an average of 8 patients per shift, providing emotional and medical support for mothers recovering from childbirth.
- Implemented pain management plans, including administering IV fluids and medications.
- Led daily education classes on infant care and breastfeeding for new parents.
