March 2024

### Certified Scrum Master (CSM)

January 2024

## EXPERIENCE

2024 - 2024

### iOS Developer Intern

#### Tech Innovations Inc / San Francisco, CA

- Collaborated with a team of developers to design and implement a new feature for a fitness tracking app, improving user engagement by 15%.
- Assisted in debugging and optimizing code for existing applications, resulting in a 20% decrease in crash rates.
- Conducted user testing sessions to gather feedback on UI/UX elements and suggest improvements.

2024 - 2024

### Freelance iOS Developer

#### Self-Employed / San Francisco, CA

- Developed a personal finance tracking app using Swift, which received a 4.5-star rating on the App Store.
- Integrated third-party APIs for enhanced functionality and user experience.
- Created and maintained project documentation to ensure clear communication and updates for clients.

## PROJECTS

- Weather App** (January 2025). Developed an iOS application that provides real-time weather updates using OpenWeatherMap API, showcasing strong API integration skills.
- Todo List App** (February 2024). Designed a task management app that allows users to create, edit, and delete tasks with a clean and intuitive interface.
