# DUKE JOHNSON

## SUPPLY CHAIN INVENTORY MANAGER

### PROFESSIONAL SUMMARY

Results-oriented Supply Chain Inventory Manager with over 15 years of experience in managing inventory control, optimizing supply chain processes, and leading cross-functional teams. Proven track record of reducing costs and improving operational efficiency through data-driven decision-making and lean inventory practices.

### EXPERIENCE

- January 2018 - Now

#### Inventory Control Manager

**Industrial Manufacturing** / Chicago, IL

- Lead inventory control for a \$50 million manufacturing plant, reducing inventory holding costs by 15% over three years through strategic sourcing and vendor negotiations.
- Improve inventory accuracy from 87% to 99% by implementing cycle count programs and quality assurance processes.
- Spearheaded an initiative to shift 70% of warehouse management functions to automated systems, which resulted in a 25% increase in picking and packing efficiency.

- June 2014 - December 2017

#### Supply Chain Specialist

**PepsiCo** / Bridgeview, IL

- Implemented lean principles in warehousing, reducing waste and improving order processing speed by 18%.
- Managed data analysis and reporting for monthly inventory audits, providing insights that helped streamline the supply chain.
- Leveraged SAP and Manhattan Associates WMS to enhance inventory tracking and reporting accuracy.

- February 2010 - May 2014

#### Inventory Analyst

**Walgreens Distribution Center** / Joliet, IL

- Conducted daily inventory audits for a high-volume distribution center handling over 5,000 SKUs, achieving an average inventory accuracy of 98%.
- Analyzed historical sales data and forecast trends to reduce excess inventory by 12%, resulting in a \$500,000 savings in holding costs.
- Coordinated with the procurement team to develop vendor scorecards, which improved supplier performance and led to 10% shorter lead times.
