## EXPERIENCE

2019 - Now

### Hospital Medical Coder

#### St. Joseph's Medical Center / United States, Dallas, TX

- Review clinical documents and assign the appropriate ICD-10, CPT, and HCPCS codes for inpatient admissions.
- Collaborate with healthcare providers to ensure correct and comprehensive coding and documentation.
- Ensure coding meets compliance standards set by the CMS and private insurance providers.
- Assist in training new medical staff and interns, providing guidance on best practices for accurate and efficient coding.

2017 - 2019

### Medical Coder (Intern)

#### Parkview Medical Group / United States, Dallas, TX

- Assisted with the coding of outpatient services, including lab tests, radiology reports, and patient visits.
- Reviewed medical charts and communicated with physicians for clarification on diagnoses and procedures.
- Gained experience with ICD-10-CM and CPT code systems, including updates and modifications to coding guidelines.
- Participated in coding audits to assess accuracy and improve efficiency in the department.

## VOLUNTEER WORK

2020 - Now

### Medical Coding Volunteer

#### Health Services of North Texas, Dallas, TX
