PROFESSIONAL SUMMARY

Senior Product Designer with a focus on designing mobile-first solutions for apps and platforms. Over 12 years of experience creating engaging, user-friendly mobile experiences for both iOS and Android apps.

EXPERIENCE

Senior Mobile Product Designer 2019 - Now AppWorks, United States, Los Angeles, CA

- Lead the design of mobile apps for both iOS and Android platforms, ensuring a user-centered, seamless experience.
- Conduct user research, analyze trends, and prototype app interfaces for testing and feedback.
- Work closely with product managers and developers to ensure timely delivery of high-quality design solutions.
- Create mobile-first wireframes, user flows, and UI elements, maintaining consistency with brand guidelines.

Mobile Product Designer 2013 - 2019 MobileTech Inc., United States, Los Angeles, CA

- Designed mobile-first interfaces for iOS and Android apps.
- Collaborated with the engineering team to ensure smooth implementation of designs.
- Developed wireframes, interactive prototypes, and high-fidelity mockups for mobile applications.
- Conducted research and usability testing to identify pain points and refine user experience.
