- Excellence in Inspection recognition from Steelline Industries (2017) for outstanding accuracy in defect identification.

EXPERIENCE

2018 -

Quality Control Inspector

Innovative Manufacturing Corp. – Pittsburgh, PA

- Conduct thorough inspections of raw materials and finished products, ensuring compliance with ISO 9001 standards and company-specific quality benchmarks.
- Develop detailed inspection reports and communicate findings to production managers, leading to improved defect tracking and resolution.
- Collaborate with engineering and production teams to identify root causes of recurring defects, implementing solutions that reduced product returns by 20%.
- Monitor and maintain inspection equipment, scheduling regular calibrations to ensure consistent accuracy and reliability.

2016 - 2018

Quality Inspector Assistant

Steelline Industries – Harrisburg, PA

- Supported senior inspectors by conducting routine checks on raw materials and in-progress items, ensuring adherence to specifications and quality protocols.
- Assisted in the creation of updated quality assurance checklists, improving inspection efficiency across the production floor.
- Documented non-conformance issues and escalated them to supervisors for corrective action, minimizing downtime and production errors.
- Organized inspection tools and ensured their proper functionality, contributing to smooth daily operations.
