ALICE PATEL

OB/GYN ULTRASOUND

PROFESSIONAL SUMMARY

Passionate and dedicated ultrasound student specializing in obstetric and gynecological imaging. Experienced in performing high-quality sonograms to assist in the diagnosis and management of pregnancy and gynecological conditions. Seeking an opportunity to contribute my skills to a growing healthcare team while continuing to advance my expertise in ultrasound technology.

EXPERIENCE

- March 2025 - Now

OB/GYN Ultrasound Intern

Chicago Women's Health Center /

- Conduct routine obstetric and gynecological ultrasounds, assisting physicians with prenatal imaging and diagnosis.
- Prepare patients for ultrasound procedures, ensuring comfort and privacy during exams.
- Document ultrasound images and assist in assessing fetal development, blood flow, and maternal health.
- Communicate findings to supervising sonographers and physicians, maintaining confidentiality and accuracy.

- September 2023 - February 2025

Clinical Assistant

North Shore Women's Health Clinic / Chicago, IL

- Assisted in patient intake, history-taking, and preparing examination rooms for ultrasound imaging.
- Supported physicians and sonographers by ensuring accurate patient information was recorded and transferred.
- Maintained ultrasound equipment and performed routine checks to ensure proper functionality.

VOLUNTEER WORK

- January 2024 - Now / Chicago Heart Foundation

Health Education Volunteer

- Assist in community outreach programs focused on educating women about prenatal care and ultrasound imaging.
- Offer free basic screenings at health fairs and events to promote awareness of maternal health.
