United States, Graduated: May 2023

Certifications

- **Certified Web Developer-**
FreeCodeCamp, March 2023
- **JavaScript Algorithms and Data Structures**, FreeCodeCamp, February 2023

PROFESSIONAL SUMMARY

Highly motivated web developer with a strong foundation in front-end and back-end development. Skilled in HTML, CSS, JavaScript, and React, with hands-on experience in building responsive, user-friendly websites. Looking for an opportunity to contribute to a dynamic team and grow as a developer.

EXPERIENCE

Junior Web Developer

2023 - Now

Tech Solutions Inc., Los Angeles, CA

- Collaborating with a team of developers to build and maintain client websites using HTML, CSS, JavaScript, and React.
- Responsible for integrating third-party APIs and ensuring cross-browser compatibility for smooth user experiences.
- Create reusable and modular components to streamline development and reduce project timelines.
- Assist with troubleshooting and debugging website issues to improve performance and enhance user experience.

Web Development Intern

2023 - 2023

CodeWorks, Los Angeles, CA

- Assisted senior developers with front-end development tasks, including HTML, CSS, and JavaScript coding.
- Contributed to the development of an internal project management tool using React.
- Participated in weekly code reviews and learned best practices for clean, maintainable code.
- Enhanced website functionality by integrating user authentication features and database connectivity.
