

PROFESSIONAL SUMMARY

Dedicated and detail-oriented Field Research Assistant with hands-on experience in environmental field studies, data collection, and ecosystem analysis. Strong background in environmental science with expertise in wildlife conservation, habitat restoration, and advanced data analysis.

EDUCATION

Bachelor of Science in Environmental Science

University of Colorado Boulder / Graduated: May 2024

Certifications

- Certified Environmental Data Collection-, April 2024
- Wilderness First Aid Certification-, February 2024

SKILLS

- Field data collection, environmental sampling, and ecosystem analysisExpert
- Proficient in GPS, GIS, environmental sensors, and drones for data collectionExpert
- Statistical analysis using R, SPSS, and Microsoft ExcelExpert
- Strong written and oral communication skillsExpert
- Ability to work independently in remote, challenging field environmentsExpert

HOBBIES

- Outdoor Exploration
- Sustainability
- Photography

EXPERIENCE

2024 - Now

Field Research Assistant

University of Colorado Boulder

- Conduct environmental fieldwork to collect data on local ecosystems, biodiversity, and environmental conditions.
- Gather and analyze soil, water, and plant samples, ensuring proper documentation and quality control.
- Coordinate project timelines, ensuring timely data collection and collaborating with a multidisciplinary research team.

2023 - 2024

Environmental Research Intern

Colorado State University / Fort Collins, CO

- Assisted in field surveys for wildlife conservation projects and habitat restoration efforts.
- Collected and recorded data on plant and animal species, ensuring high levels of accuracy and data consistency.
- Processed environmental data using statistical analysis tools (R, SPSS) to support ongoing research.

2022 - 2024

Member, Environmental Club

University of Colorado Boulder

- Participated in campus clean-up initiatives and organized local campaigns.
- Collaborated with peers to conduct research on sustainable practices.

2023 - Now

Volunteer Field Assistant

Colorado Wildlife Rehabilitation

- Assist in the rehabilitation and release of local wildlife species.
- Educate the community on wildlife conservation and responsible environmental practices.
