PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented college student majoring in Biology. Seeking a research scholarship to support my ongoing work in neuroscience, with a goal to contribute to the development of treatments for neurodegenerative diseases.

EDUCATION

Major: Neuroscience

Harvard University, United States, Graduation Date: May 2026

GPA: 3.95/4.0

Research Ethics Certification

Harvard University, Certified: May 2024

EXPERIENCE

Undergraduate Research Assistant

Harvard Neuroscience Lab / Cambridge, MA

2024 - Now

- Work with a team to investigate the effects of neurodegenerative diseases on cognitive function
- Analyze lab data and contribute to research papers for publication

Independent Research Project

University Independent Study Program / Cambridge, MA

2024 - 2024

- Studied the role of synaptic plasticity in Alzheimer's disease

SKILLS

Data Analysis: Proficient in R and SPSS for statistical analysis

Laboratory Techniques: PCR, gel electrophoresis, microscopy

Scientific Writing: Contributed to multiple research papers
