PROFESSIONAL SUMMARY

Detail-oriented and passionate Manual Tester with experience in identifying, diagnosing, and reporting software bugs. Eager to apply my analytical skills to improve software quality and enhance user experiences.

EXPERIENCE

Manual Tester   2025 - Now

Tech Innovations Inc., New York, NY

- Create and execute test cases for various applications, ensuring functionality meets user requirements and business objectives.
- Perform manual regression, functional, and integration testing on web and mobile platforms.
- Report defects using JIRA and track them through the development cycle to ensure timely resolutions.
- Work closely with developers to replicate issues and clarify user stories.
- Collaborate with the QA team to continuously improve testing practices and reduce time.

Junior Manual Tester   2024 - 2025

Creative Solutions Ltd., New York, NY

- Assisted in creating and executing test plans based on requirements and specifications.
- Performed exploratory testing to find edge cases that automated one might miss.
- Provided feedback on user interface designs to ensure better usability and intuitive experience.
- Participated in daily stand-ups and sprint planning sessions to ensure quality standards were met during agile cycles.
