Bachelor of Science in Computer Science

University of California, Berkeley,
United States, Graduated: May 2023

Certifications

- React Development Certification-
freeCodeCamp, June 2023
- JavaScript Algorithms and Data
Structures, *freeCodeCamp*, March
2023

PROFESSIONAL SUMMARY

Highly motivated Junior React Developer with a passion for learning and building intuitive user interfaces. Eager to apply my knowledge of JavaScript, React, and front-end development principles to contribute to innovative projects.

EXPERIENCE

Junior React Developer

2023 - Now

Tech Solutions Inc., San Francisco, CA

- Develop and maintain responsive web applications using React.js, Redux, and JavaScript.
- Collaborate with the design team to implement user-friendly and visually appealing UI components.
- Optimize application performance and ensure cross-browser compatibility.
- Write unit tests using Jest and React Testing Library to ensure code quality and functionality.
- Participate in agile development sprints and collaborate with cross-functional teams to deliver high-quality software on time.

Intern - Frontend Development

2023 - 2023

Web Innovators LLC, San Francisco, CA

- Assisted senior developers in implementing new features and fixing bugs in React-based web applications.
- Conducted thorough code reviews to ensure adherence to best practices and coding standards.
- Wrote clean, maintainable, and reusable code in collaboration with a team of developers.
- Gained experience in RESTful APIs integration, and consumed backend services within React components.
