Professional summary

Experienced dump truck driver with expertise in hauling ore, coal, and materials in mining environments. Known for exceptional safety record, excellent understanding of mine operations, and ability to manage high volumes of material transport in challenging conditions. Adept at working in remote locations and adhering to strict regulations.

Experience

Copper Hill Mining Co.

2014 - Now

Tucson, AZ

Mining Dump Truck Driver

- Operate large off-road dump trucks to haul raw materials such as copper ore, coal, and rock to processing areas in remote mining sites.
- Maintain a clean safety record with zero accidents or violations in over 6 years of service.
- Conduct regular maintenance checks and minor repairs on trucks to ensure optimal performance in rugged conditions.
- Collaborate with supervisors to maintain efficient operation schedules, meeting or exceeding production targets by 15%.

Desert Mining Solutions

2009 - 2014

Tucson, AZ

Truck Driver

- Transported materials within mining sites, ensuring safe and timely deliveries of ore and other mined materials.
- Navigated difficult terrain and steep slopes, operating specialized mining trucks in challenging conditions.
- Completed routine vehicle inspections and reported issues, ensuring trucks met strict safety standards.
- Worked with the maintenance team to perform preventative maintenance, extending the life of equipment.
