EXPERIENCE

- 2019 - Now

**Registered Nurse**  
**Northwestern Memorial Hospital / Chicago, IL**

  - Conduct patient assessments, develop individualized care plans, and implement treatments for both short-term and long-term care patients.
  - Administer medications and IV treatments, closely monitoring for side effects and efficacy to ensure safe outcomes.
  - Lead a care team of nurses and medical professionals, coordinating efforts to provide comprehensive patient care.
  - Educate patients and their families on care plans, medications, and post-discharge needs to ensure successful recovery and management.
  - Regularly assess patient comfort and adjust pain management strategies in collaboration with the medical team.

- 2017 - 2019

**Registered Nurse**  
**Advocate Health Care / Oak Brook, IL**

  - Managed patient care in a busy hospital ward, ensuring timely treatments and interventions while addressing patient concerns.
  - Provided wound care, including cleaning and dressing changes, and performed patient evaluations to track recovery.
  - Assisted with the administration of IV fluids, pain management, and medications.
  - Worked closely with interdisciplinary teams to adjust care plans as needed based on patient progress and feedback.
