

MARCUS BENNETT

Toxicology Medical Technologist

Education

Bachelor of Science in Clinical Laboratory Science, California State University, Graduated May 2017

Certifications

- ASCP Certified Medical Laboratory Scientist (MLS) – Valid through 2026
- Toxicology Laboratory Specialist Certification (optional/fictitious) – Issued 2023

Skills

GC-MS (Gas Chromatography-Mass Spectrometry) ★★★★★

LC-MS/MS (Liquid Chromatography-Tandem Mass Spectrometry) ★★★★★

Immunoassay Analyzers (ELISA, EIA) ★★★★★

Toxicology Screening Panels ★★★★★

Laboratory Information Systems ★★★★★

Chain-of-Custody Documentation ★★★★★

 (619) 555-6432

Professional summary

Experienced and meticulous Toxicology Medical Technologist with over 6 years of expertise in conducting drug screenings, therapeutic drug monitoring, and forensic toxicology testing. Skilled in operating and maintaining analytical instruments such as GC-MS, LC-MS/MS, and immunoassay analyzers.

Experience

March 2020 - Now

Toxicology Technologist
Scripps Clinical Laboratory, San Diego, CA

- Screen for illicit, prescription, and over-the-counter drugs for clinical and forensic use.
- Calibrate and maintain toxicology analyzers and mass spectrometers to ensure high analytical precision.
- Review, verify, and release test results to physicians and legal authorities following CLIA and CAP standards.
- Assist in the development of new methods for opioid and cannabinoid detection.

June 2017 - February 2020

Medical Technologist – Toxicology
Sharp HealthCare Laboratory, Chula Vista, CA

- Conducted enzyme immunoassay (EIA) and spectrophotometry for initial drug screening.
- Prepared biological specimens and ensured chain-of-custody compliance for legal testing.
- Collaborated with pathologists and lab scientists on abnormal or unexpected toxicology findings.
- Participated in internal audits and external proficiency testing programs.
