Cambridge, MA

Anika Patel

Master's in Computer Science

Education

- Bachelor of Science in Computer Science** 2020 - 2024
Massachusetts Institute of Technology,
Cambridge, MA

Skills

Programming Languages: Python, Java, C++ 

Machine Learning frameworks: TensorFlow, Keras 

Web Development: HTML, CSS, JavaScript 

Courses

- Certified Data Scientist** 2024
Coursera
- Machine Learning Specialization** 2023
Coursera

Professional summary

To enroll in a Master's program in Computer Science specializing in artificial intelligence and machine learning. I am passionate about developing innovative algorithms and tools that can enhance problem-solving capabilities across various sectors, particularly in healthcare and data analysis.

Projects

- AI Chatbot** 2024
 - Developed a chatbot using natural language processing (NLP) to assist students with frequently asked questions regarding campus resources.
- Image Recognition Application** 2023
 - Created an application that identifies objects in images using convolutional neural networks, achieving a 95% accuracy rate.
