

Front-End PHP Developer

Jessica Martinez

Professional summary

Detail-oriented and creative Front-End PHP Developer with over 5 years of experience building user-centered, responsive web applications. Proficient in HTML, CSS, JavaScript, and PHP, with a passion for clean design and optimal functionality.

Experience

Front-End Developer

June 2021 - December 2024

BrightCode Innovations / Los Angeles, CA

- Developed and maintained responsive web applications using PHP, HTML, and CSS for optimal UX.
- Worked closely with UX/UI designers to translate designs into functional, interactive interfaces.
- Ensured website functionality across multiple browsers, devices, and screen sizes.

Junior Front-End Developer

January 2019 - May 2021

WestCoast Web Solutions / Los Angeles, CA

- Supported the design and development of PHP-based client websites, focusing on responsive layouts.
- Customized WordPress themes and plugins to enhance client needs and site functionality.
- Participated in user testing sessions to improve the front-end experience and resolve design issues.

Projects

E-commerce Redesign for UrbanThreads

- Led the front-end redesign of UrbanThreads, an online clothing retailer, to improve site responsiveness and mobile performance.
- Achieved a 30% decrease in load time, boosting mobile traffic and user engagement.
- Integrated PHP-based modules to improve catalog filtering and user account features.
