2024

Entry-Level GIS Analyst

PROFESSIONAL SUMMARY

Recent graduate with a Bachelor's in Environmental Science, seeking to leverage academic training and internship experience as a GIS Technician at TerraMapping Solutions. Skilled in spatial data collection, GIS mapping, and data processing, with a strong foundation in ArcGIS and field data collection.

EXPERIENCE

GIS Intern, Texas Parks and Wildlife Department, Austin, TX

May 2024 - August 2024

- Assisted in data collection and map creation for state park management projects.
- Used ArcGIS to create detailed maps for field reports, enhancing data presentation for internal use.
- Conducted quality control on GPS data from field teams to ensure accuracy for conservation mapping.

Field Assistant (Internship), EnviroTrack Services, Houston, TX

June 2023 - August 2023

- Participated in environmental field surveys, collecting data for GIS projects.
- Used GPS devices to record data points and imported data into ArcGIS for analysis.
- Assisted with map preparation for environmental impact assessments.
