EXPERIENCE

2015 - Now

Senior Residential Architect

Parkside Design Studio / Cambridge, MA

- Design and manage over 25 high-end residential projects, including single-family homes and multifamily developments, with budgets ranging from \$1M to \$15M.
- Partner with clients to translate vision into functional, aesthetically pleasing designs.
- Lead a team of six architects and drafters, ensuring smooth workflow and adherence to project timelines.
- Integrate sustainable materials and energy-efficient systems, earning three projects LEED Gold certifications.
- Present design concepts to clients using 3D renderings and virtual walkthroughs.

2010 - 2015

Residential Architect

Evergreen Design Group / Providence, RI

- Drafted architectural plans for residential properties, ensuring compliance with local zoning laws.
- Worked closely with contractors to oversee construction phases and resolve on-site challenges.
- Conducted site evaluations and feasibility studies to determine project viability.
