nicole.martines@email.com

New York, NY

A highly motivated and detail-oriented individual seeking a Junior Information Security Analyst position at SecureTech Solutions to leverage knowledge in risk management, threat analysis, and security protocols to help protect company assets and data.

### Experience

June 2025 - August 2025

#### Information Security Intern

TechGuard Inc. / New York, NY

- Assisted in the implementation of security measures to safeguard information systems against unauthorized access.
- Conducted vulnerability assessments and helped identify security gaps in existing networks.
- Supported senior analysts in the review and improvement of security policies and incident response protocols.
- Monitored network traffic for potential threats, responding to alerts and escalating issues when necessary.

### Volunteer Work

- Assisted in hosting cybersecurity awareness workshops for small businesses in collaboration with NYC Tech Outreach, July 2025
- Designed materials to educate participants on phishing and malware prevention

### Professional Development

- Completed a workshop on Threat Hunting and Incident Response, hosted by SANS Institute, November 2024
- Attended the Black Hat USA 2024 Conference, focusing on emerging security trends and techniques

### Education

#### Bachelor of Science in Information Security

New York University, New York, NY

Graduated May 2025

#### Certifications

- CompTIA Security+ – Issued August 2024
- Certified Ethical Hacker (CEH) – In Progress (Expected completion: June 2025)
