PROFESSIONAL SUMMARY

Dedicated Paramedic with experience in providing life-saving care in emergency situations. Proficient in advanced life support, trauma care, and patient transport. Seeking to leverage my expertise in a paramedic leadership role to ensure optimal patient outcomes and mentor future EMTs and paramedics.

EXPERIENCE

Paramedic

2017 - Now

Chicago Fire Department

- Lead advanced life support interventions, including intubation, drug administration, and advanced cardiac care for trauma.
- Assess patient needs and administer life-saving treatment in high-stress, time-sensitive environments.
- Supervise a team of EMTs and paramedics, ensuring protocols are followed and resources are appropriately allocated.
- Collaborate closely with hospital teams to facilitate smooth handover of patients in critical condition.

Advanced EMT

2014 - 2017

Northwest Suburban EMS, Chicago, IL

- Assisted paramedics with ALS interventions, including airway management and medication administration.
- Delivered patient care in emergency situations, ensuring accurate record-keeping and timely transport to hospitals.
- Actively participated in disaster preparedness drills and response efforts.
