## QA INTERN

(555) 654-3210  
emily.johnson@gmail.com  
United States, Chicago, IL

## SKILLS

Manual Testing, Regression Testing, Functional Testing, Exploratory Testing, API Testing	Expert
JIRA, Postman, Selenium WebDriver, Git	Expert
Java, Python (basic knowledge)	Expert
Agile, Scrum	Expert
Git, GitHub	Expert
Test Case Creation, Defect Tracking, Software Development Lifecycle (SDLC)	Expert

## LANGUAGES

- Fluent in English and Spanish

## PROFESSIONAL SUMMARY

Detail-oriented and dedicated Junior QA Tester with hands-on internship experience in functional, regression, and exploratory testing. Skilled in creating detailed test cases, defect documentation, and collaborating with cross-functional teams to drive software quality.

## EXPERIENCE

June 2025 - August 2025

### QA Intern

TechZone Software Solutions / Chicago, IL

- Conducted functional and regression testing, ensuring all new and existing features functioned as expected.
- Reported bugs and issues to the development team through JIRA, ensuring that defects were promptly tracked and resolved.
- Collaborated with developers to reproduce defects, validate bug fixes, and verify resolved issues during software sprints.
- Participated in daily stand-ups and sprint meetings to provide testing updates, discuss issues, and contribute to improving test coverage.
- Performed basic API testing using Postman to validate endpoints and responses in both functional and integration tests.

## EDUCATION

### Bachelor of Science in Software Engineering

University of Chicago / Graduated: May 2025

- Relevant Coursework:** Quality Assurance, Agile Methodologies, Data Structures, Software Testing Fundamentals

### Certifications

- ISTQB Foundation Level Certification**, March 2024
- Selenium WebDriver with Java Certification**, Udemy, December 2023

### Professional Development

- Attended workshops on Agile Testing and Test Automation best practices.
- Regularly engage in online courses to enhance testing skills and knowledge of new tools and technologies.
