

Manufacturing Assembly Technician

Michael Carter

Professional summary

Dedicated Manufacturing Assembly Technician with experience assembling electronic components in fast-paced environments. Expertise in mechanical assembly, quality control, and efficient workflow optimization. Highly skilled at following blueprints, maintaining production standards, and collaborating with cross-functional teams to meet production goals.

Experience

Assembly Technician

March 2018 - Now
Dell Technologies / Round Rock, TX

- Assemble and test laptop and desktop computer components, ensuring each product was fully functional and met rigorous quality standards.
- Conduct detailed inspections of assembled products, identifying and resolving any defects prior to shipment.
- Coordinate with engineering and design teams to optimize assembly processes, resulting in a 15% reduction in production time.
- Ensure compliance with safety guidelines while handling electronic components and working on the assembly line.

Manufacturing Assembly Line Worker

January 2014 - February 2018
Apple Inc. / Austin, TX

- Assembled iPhone and iPad components on high-speed production lines, ensuring that all units met Apple's high standards for quality and performance.
- Collaborated with the maintenance team to troubleshoot and resolve assembly line issues quickly, reducing delays and improving throughput by 10%.
- Worked closely with the quality assurance team to perform final inspections on products, ensuring defect-free delivery to customers.
- Supported the logistics team by coordinating the timely movement of products through the production line, meeting all shipping deadlines.
