

David Johnson

Professional summary

Skilled and patient-focused Hospital Senior Pharmacy Technician with experience in hospital pharmacy settings. Adept at providing inpatient and outpatient medication services, managing IV compounding, and ensuring regulatory compliance. Excellent communication skills with a strong ability to work in a multidisciplinary team.

Experience

Senior Pharmacy Technician

August 2017 - Now  
Jackson Memorial Hospital / Miami, FL

- Provide medication therapy management for inpatient and outpatient populations, ensuring each patient receives safe and effective medications.
- Prepare and compound sterile and non-sterile medications, including IV admixtures, chemotherapy, and specialized treatments.
- Work closely with clinical pharmacists to verify medication orders and review patient histories to prevent drug interactions or errors.
- Supervise pharmacy technicians and interns, guiding them on proper dispensing procedures, medication safety, and hospital policies.

Pharmacy Technician

January 2013 - July 2017  
Miami VA Healthcare System / FL

- Dispensed medications to hospitalized patients and outpatient veterans, ensuring accuracy and compliance with VA regulations.
- Assisted in the preparation of intravenous (IV) medications and compounded sterile products, ensuring all guidelines were followed.
- Provided patient counseling and support, explaining medication usage, side effects, and potential interactions.
- Managed medication inventory and collaborated with the purchasing department to ensure necessary supplies were available.
