

Sarah Kim

JUNIOR SQL DEVELOPER

(212) 555-1234

sarah.kim@gmail.com

United States, New York, NY

SKILLS

Proficient in SQL, including SELECT, JOIN, and UNION operations	Expert
Experience with SQL Server, MySQL, and PostgreSQL	Expert
Ability to write optimized queries for large datasets	Expert
Knowledge of data modeling and normalization	Expert
Familiar with data integration and migration techniques	Expert
Basic understanding of relational databases and their architecture	Expert
Strong analytical and problem-solving skills	Expert
Attention to detail and strong organizational skills	Expert

PROFESSIONAL SUMMARY

Motivated and detail-oriented recent graduate with a Bachelor's degree in Computer Science. Proficient in SQL, data manipulation, and database management. Eager to apply my knowledge of databases and data analysis in a Junior SQL Developer role to help companies leverage their data for success.

EXPERIENCE

June 2025 - Now

Junior SQL Developer

Tech Innovators Corp. / New York, NY

- Assist senior developers with the creation and management of database queries to retrieve, update, and manipulate data.
- Write efficient SQL queries for data extraction and reporting using tools like SQL Server Management Studio.
- Participate in data migration projects to transfer data between systems, ensuring accuracy and integrity.
- Optimize SQL queries to improve performance for complex datasets.
- Collaborate with other departments to understand their database needs and assist with developing solutions.

June 2023 - May 2024

Database Intern

NY Tech Solutions / New York

- Assisted with the creation and maintenance of databases, helping to optimize query performance and identify bottlenecks.
- Supported database administrators in backup and recovery operations, ensuring the protection of critical data.
- Wrote and maintained stored procedures and functions for data processing tasks.
- Conducted data validation tests to ensure data integrity and accuracy before migrations.

EDUCATION

Bachelor of Science in Computer Science

University of New York / Graduated: May 2025

- Relevant Coursework: Database Management, Data Structures, SQL Programming, Data Analytics
- GPA: 3.8/4.0

Certifications

- Microsoft SQL Server Certification, October 2024
- SQL for Data Science (Coursera Certification), August 2024
