EXPERIENCE

2018 - Now

Senior Interior Designer

Anderson & Parker Interiors / New York, NY

- Lead the design and execution of luxury residential projects valued at \$500K-\$2M, ensuring designs met both aesthetic and functional requirements.
- Develop custom design concepts tailored to client lifestyles and preferences, incorporating unique architectural details and high-end materials.
- Manage vendor relationships, negotiating contracts with furniture manufacturers and artisans to optimize project budgets while maintaining quality.

2013 - 2018

Interior Designer

Madison & Co. Design Studio / Brooklyn, NY

- Designed high-end apartments and brownstones in Manhattan and Brooklyn, focusing on timeless yet contemporary aesthetics that align with urban living.
- Created mood boards, hand sketches, and digital renderings to present design ideas, helping clients visualize their spaces before implementation.
- Coordinated with architects, contractors, and engineers to ensure feasibility and compliance with building regulations throughout each design phase.
