## PROFESSIONAL SUMMARY

Detail-oriented and patient-focused EMT with hands-on clinical experience in emergency settings. Committed to delivering compassionate care under pressure while ensuring the safety and well-being of patients. Seeking an opportunity to utilize my clinical training and EMT skills in an EMS environment to contribute effectively to a dynamic team.

## EXPERIENCE

**EMT Intern** 2025 - 2025

**St. Joseph's Hospital Emergency Room, Chicago, IL**

- Worked under the supervision of healthcare professionals to provide immediate care to patients in the emergency room.
- Assisted with patient assessments, monitoring vital signs, and performing basic medical interventions as needed.
- Provided emotional support to patients and families during medical emergencies, ensuring comfort and reassurance.

**Emergency Medical Technician (EMT) Intern** 2024 - 2024

**Chicago Fire Department EMS, Chicago, IL**

- Responded to emergency calls and assisted paramedics in providing emergency care during transport.
- Conducted patient assessments, administered first aid, and managed medical equipment on ambulances.
- Participated in community health events, providing public education on injury prevention and emergency care.
