EXPERIENCE

2020 - Now

Perioperative LPN Nurse

Atrium Health Carolinas Medical Center / Charlotte, NC

- Prepare patients for outpatient and inpatient surgical procedures, confirming consent and completing checklist protocols.
- Support RNs and surgical techs by maintaining sterile environments and ensuring timely supply availability.
- Provide postoperative care under RN supervision, including monitoring vitals and documenting patient responses.
- Ensure optimal patient comfort during surgical preparation, often reducing pre-op anxiety through clear communication.

2017 - 2020

LPN – Surgical Floor

Novant Health Presbyterian Medical Center / Charlotte, NC

- Assisted patients recovering from surgery with daily care, wound checks, and mobility support.
- Documented patient recovery status accurately, ensuring seamless communication during shift transitions.
- Coordinated with interdisciplinary teams to ensure continuity of care and efficient discharge planning.

VOLUNTEER WORK

Health educator at Charlotte Community Clinics, providing pre-surgical info sessions and wound care guidance for underserved populations
