### PROFESSIONAL SUMMARY

Experienced Mobile EKG Technician with 7+ years of providing portable diagnostic services in diverse environments. Proficient in adapting to various settings, delivering accurate and efficient heart health testing for patients at home, nursing facilities, and remote clinics.

### EXPERIENCE

January 2021 - Now

#### Mobile EKG Technician

Heart at Home / Miami, FL

- Travel to patient homes, nursing homes, and clinics to provide mobile EKG services.
- Ensure that all testing equipment is transported, set up, and functioning correctly at each location.
- Perform EKGs in various settings, including senior living communities and remote areas.
- Collect patient information, explain procedures, and answer any questions to ensure a smooth process.
- Maintain detailed records of patient tests and communicate results with physicians.

June 2018 - December 2020

#### EKG Technician

Coral Gables Medical Group / Miami, FL

- Assisted in conducting routine EKGs in a clinical setting, working closely with cardiologists.
- Managed patient intake, explained test procedures, and ensured accurate data recording.
- Helped with the upkeep of the facility's medical equipment and ensured all tools were calibrated properly.
- Documented patient information, including any cardiac concerns or irregularities.

### EDUCATION

#### Certificate in EKG Technology

Miami Health Institute / Graduated: May 2018

#### Certifications

- **CPR and First Aid Certified**, American Red Cross, November 2022
