# MICHAEL STEVENS

## PLUMBER

## PROFESSIONAL SUMMARY

Experienced Plumber with experience providing plumbing maintenance and repairs in residential and multi-unit apartment buildings. Adept at solving complex plumbing issues, performing inspections, and ensuring building compliance with plumbing codes. Proven ability to manage emergency repairs, collaborate with building management, and ensure tenant satisfaction through high-quality workmanship.

## EXPERIENCE

- April 2019 - Now

### Plumber

**Skyline Apartments** / Denver, CO

- Install, repair, and maintain plumbing systems in 100+ apartment units, ensuring long-term reliability and functionality.
- Respond promptly to emergency plumbing issues such as leaks, pipe bursts, and clogged drains, minimizing tenant disruption.
- Perform routine system inspections to identify and resolve potential problems before they escalate.
- Work directly with property management to ensure compliance with all applicable plumbing codes and safety standards.
- Train and mentor junior staff in plumbing techniques and safety protocols.

- June 2015 - March 2019

### Plumbing Apprentice

**Allstar Plumbing Services** / Denver, CO

- Assisted senior plumbers in installing and servicing plumbing systems for both residential and commercial clients.
- Conducted regular inspections and preventive maintenance on plumbing systems to ensure optimal performance.
- Repaired water heaters, installed pipes, and replaced damaged plumbing fixtures.
- Gained hands-on experience in troubleshooting and resolving common plumbing issues.
