Transmission Lineman

PROFESSIONAL SUMMARY

Dedicated Transmission Lineman with experience maintaining and repairing high-voltage transmission lines in mountainous and rural areas. Adept at performing aerial operations, tower climbing, and switchyard maintenance with a focus on safety and efficiency.

EXPERIENCE

Transmission Lineman, Montana Electric Co-op, Billings, MT

April 2025 - Now

- Perform live-line maintenance using hot stick and barehand methods
- Replace and inspect transmission towers post-storm
- Coordinate with air crews for remote access projects
- Supervise groundmen and apprentices on safety procedures

Lineman Apprentice, Big Sky Utility, Helena, MT

June 2024 - March 2025

- Assisted with 69kV to 230kV line stringing and grounding
- Gained expertise in transformer installation and climbing safety
