

Overnight Stock Associate

Taylor S. Monroe

Professional summary

Dedicated overnight stock associate with experience in overnight retail operations. Efficient in shelf replenishment, stockroom maintenance, and preparing the store for opening. Recognized for independence, speed, and reliability on late-night teams.

Experience

Overnight Stock Associate

October 2021 - Now

Walmart Supercenter / Orlando, FL

- Restock shelves in high-traffic departments during overnight shifts, ensuring optimal product availability for morning shoppers.
- Unload nightly freight deliveries, sort pallets by department, and stage items to align with nightly stocking plans.
- Maintain a clean and organize work environment, including storage areas and common zones, to promote safety and efficiency.
- Prepare store layout and endcaps for morning opening by removing shrink wrap, straightening products, and updating signage.

Store Associate (Night Shift)

March 2020 - September 2021

Dollar Tree / Kissimmee, FL

- Managed unloading of late-night shipments and distributed products to appropriate aisles for restocking.
- Maintained item rotation schedules and checked expiration dates to support freshness in consumable categories.
- Reported stock shortages and worked with managers to prioritize urgent replenishments.
- Supported evening close procedures, including store recovery and locking stockroom access points.

Additional Information

- Reliable transportation for overnight shifts
- Comfortable working weekends and holidays
