📍 Los Angeles, CA

📋 Professional summary

Experienced Industrial Engineer specializing in supply chain optimization and logistics management. Eager to contribute experience in improving supply chain efficiency and reducing operational costs.

⚡ Experience

2019 - Now
Supply Chain Industrial Engineer
Amazon, Los Angeles, CA

- Oversee supply chain operations for a global distribution network, managing inventory levels and improving distribution efficiency.
- Implemented a new warehouse management system (WMS) that reduced order fulfillment time by 30%.
- Conduct data analysis to forecast demand and optimize stock levels.
- Collaborate with suppliers and logistics teams to streamline the procurement process.
- Develop key performance indicators (KPIs) to monitor logistics performance and identify improvement areas.

2016 - 2019
Industrial Engineer – Supply Chain Optimization
Walmart, Los Angeles, CA

- Analyzed supply chain data to identify inefficiencies and recommend improvements.
- Led cross-functional teams to implement JIT (Just in Time) inventory systems, resulting in a 15% reduction in inventory holding costs.
- Developed key performance indicators (KPIs) to monitor supply chain efficiency and performance.
- Conducted root cause analysis for operational bottlenecks and provided actionable solutions to management.

🎓 Education

Bachelor of Science in Industrial Engineering, University of Southern California, Los Angeles, CA
Graduated: December 2015

Certifications

- Certified Supply Chain Professional (CSCP), *APICS*, April 2018
- Lean Six Sigma Green Belt, ASQ), September 2017

🚀 Skills

Skill	Rating
