Experience

2017 - Now

Senior International Tax Accountant

Johnson & Johnson, New York, NY

- Oversee international tax compliance for 15 countries, including Canada, Germany, and China, ensuring adherence to local tax regulations and minimizing risks.
- Develop and implement transfer pricing strategies that minimized tax liabilities across multiple jurisdictions.
- Coordinate with external tax advisors to support expansion into new markets and provide guidance on tax treaties and withholding tax requirements.
- Improve tax reporting accuracy by implementing advanced international tax software, resulting in a 30% increase in process efficiency.
- Monitor changes in international tax legislation to proactively adjust company policies and avoid potential penalties.

2013 - 2017

International Tax Consultant

PwC
(PricewaterhouseCoopers),
New York, NY

- Advised multinational clients on international tax planning and compliance, focusing on maximizing cross-border tax benefits.
- Assisted clients with BEPS and FATCA compliance, ensuring adherence to global tax standards and avoiding potential penalties.
- Analyzed foreign tax credit opportunities, leading to a 20% average reduction in tax costs for clients.

Education

Master of Science in Taxation, New York University, New York, NY
Graduated May 2013

Bachelor of Science in Accounting, State University of New York, Albany, NY
Graduated May 2011

International Experience

- Led international tax compliance initiatives for companies operating in the Asia-Pacific and European regions.
- Conducted on-site tax compliance audits in Canada and Germany, working closely with local finance teams to ensure proper adherence to tax regulations.
- Spearheaded a knowledge-sharing program between U.S. and foreign offices to align cross-border tax strategies and enhance compliance.
