

## TELEMETRY NURSE

# Jessica Martinez

### COVER LETTER

Dear Hiring Manager,

I am writing to express my interest in the Telemetry Nurse position at Mercy General Hospital. With over five years of experience caring for cardiac patients in both telemetry and progressive care units, I am confident in my ability to contribute to your team's mission of providing outstanding patient care.

During my tenure at St. John's Medical Center in Austin, I developed strong skills in cardiac rhythm interpretation, medication management, and patient education. I have collaborated closely with cardiologists and critical care teams to develop personalized care plans, and I am experienced in mentoring new nursing staff to ensure high-quality telemetry monitoring. My attention to detail and proactive communication have been instrumental in early detection of cardiac events and improving patient outcomes.

Mercy General's reputation for innovative clinical practice and a collaborative work environment aligns with my professional values. I am excited about the opportunity to bring my clinical expertise and compassionate care to your telemetry unit.

Thank you for considering my application. I look forward to discussing how my background and skills can benefit your team. Please feel free to contact me at (512) 555-9823 or [jessica.martinez@email.com](mailto:jessica.martinez@email.com) to schedule an interview.

Sincerely,

Jessica Martinez
