

# Priya Sharma

## SENIOR DATA SCIENTIST

(212) 555-8890

priya.sharma@email.com

USA, New York, NY

### SKILLS

Machine Learning	Expert
Predictive Modeling	Expert
Data Mining	Expert
Programming	Expert
Natural Language Processing (NLP)	Expert

### PROFESSIONAL SUMMARY

Senior Data Scientist with 7+ years of experience in predictive analytics, deep learning, and big data technologies. Proven ability to lead data-driven initiatives and deliver scalable machine learning solutions.

### EXPERIENCE

January 2021 - Now

#### Senior Data Scientist

Google / New York, NY

- Led development of recommendation systems improving user engagement by 25%
- Designed deep learning models for large-scale data processing
- Mentored junior data scientists and led cross-functional projects
- Worked with big data tools including Hadoop and Spark

August 2018 - December 2020

#### Data Scientist

IBM / New York, NY

- Developed predictive models for enterprise clients
- Improved forecasting accuracy by 30% using advanced analytics
- Collaborated with stakeholders to deliver actionable insights

### EDUCATION

2016 - 2018

#### Master of Science in Data Science

Columbia University

2012 - 2016

#### Bachelor of Technology in Computer Science

Delhi Technological University
